Automation technician / Mecatroniker

Employer: Loe Rørprodukter as
Address: Ytongveien 30, 3300 Hokksund
Phone: +47 930 18 203
E-mail: lars.loe@loe.no
Website: www.loe.no
Contact Person: Mr. Lars Loe

About the company: Loe Rørprodukter produces concrete pipes and manholes. The annual revenue is about 230 million NOK and 70 people are working in the company. The factory is equipped with the latest available technology and is one of the most modern concrete pipe producers worldwide. For further information, please see www.loe.no

Information about the position: We are looking for a person doing automation in fulltime, permanent position, for our factory. All the machines have Siemens S7 control systems and our new applicant should have knowledge in this. You also have to solve mechanical problems and be an all-rounder.

Position demands: The applicant must have knowledge in maintaining automatic production lines and how to solve problems by failure. It is an advantage if the applicant has some mechanical background. You have to be positive and fit into a multinational community.

Application: Send short application and CV pr. e-mail. Diplomas and other papers must be brought if interview.

Application date: As soon as possible

Work Place: Hokksund, Norway (approximately 60 km west of Oslo)

Start date: As soon as possible.

For more information: Please call Lars Loe + 47 930 18 203 or e-mail lars.loe@loe.no.

I speak English, German and Spanish.

We don't want contact with sales-promoters
